Though trading was light Saturday, both

wheat and corn were well supported by in the market, and they were mostly on the buying side. The drought was not broken in a considerable portion of the winterwheat belt, though there was some rain in

Missouri and the States east of the Mis-

Damage news continued to come in, and

any sections of Kansas and Oklahoma re-

ported that the growing grain had been seriously injured by recent climatic changes.

According to the January report of the

National Bureau of Statistics, the receipts of wheat at eight interior markets for the current crop year amounted to 134,488,763 bu., against 153,446,872 bu. for the corresponding period of last season, or a gain of 12.1 per cent. For the first five weeks of this year the weekly production of flour

of this year the weekly production of flour at Minneapolis averaged ZZ\_050 bbls, compared with ZH\_144 bbls, for the corresponding period of 1991 and 237,05 bbls, for 1999. The average weekly shipments of flour from Minneapolis were the bighest in three years, while those for export were about one-third less than in 1991 and not far from one-third of the quantity sent abroad in 1999. It thus appears that the domestic market is absorbing increased quantities of

ed and falled. Courage is another such test. All the world admires a hero; but few realize how many forms heorism may take. We thrill with deeds of daring like that of Leonidas at Thermopolae, or of the Light Brigade at Baloklava.

"The world will nover forget the etory of Grace Darling as she drives the lifebeat across the foaming waters. But if a monument were erected over every spot where life has been ventured for life, they would stand upon our earth thicker than the shinning stars in the sky. The truest hero, however, is he who holds on to his noble selfhood in the face of great temptation. It was in the wilderness, when in poverty and hunger, nearly crushed under cruel limitations, that the tempter assailed our Lord with propositions of low compromises and easy relief. So he will assail you in your hour of darkness, of weakness and of pressing need. Every one must win his soul somewhere in a wilderness fisht, where only God and the silent stars look on. It is then he determines just what is in him, the

Christ. Whatever cur endowment, our pos-session, our equipment may be, it is only as we relate ourselves to the need and suf-fering of the world that we lead the true

# GROUND FLOOR OIL CO. 3% MONTHLY 3% YEARLY.

The Ground Floor Oil Co. has paid 31 per cent in dividends in the past three months. It is now earning 3 per cent monthly from the actual sale of oil.

Banks pay 3 per cent yearly on time deposits, and the security is no more ample, because Ground Floor, with only \$100,000 capital, has over \$130,000 in visible and tangible assets, and fifteen of its tank cars are now in the railroad yards at Beaumont! When these cars go into service, the dividends, now 3 per cent monthly dividends, will double, and the stock will sell for \$4.00 a share.

### There is only a limited number of Shares at \$1.95.

The stock sells at Beaumont now at \$1.95. Shareholders won't sell for \$2.50. Watch for the heavy advance. Don't delay your order for stock, but send it now to our sole fiscal agent for the United States,
